STATE OF MARYLAND

PREFACE

Beginning with this 100th Annual Report of the Maryland State Department of Education, we are utilizing a new format. Statistical data are presented with a minimum of narration and are arranged in a sequence consistent with the Department's earlier annual reports.

Informal narrative reviews of the Department's activities and points of view are included in editions of Education In Maryland: A Perspective.

Additional copies of annual reports may be obtained by writing to the Publications Unit, Maryland State Department of Education.

We hope that readers will welcome this new approach which will enable our staff to publish and distribute the following years' reports on schedule.

Sincerely,

James A. Sensenbaugh

JAMES A. SENSENBAUGH
State Superintendent of Schools

NOTE: Tables 84-116

The period of time reflected in Tables 84 thru 116 begins after September of the previous school year and runs through September of the current school year. Prior to 1965, the reports covered a school-year period. Total staff reflects all personnel employed September 1, 1965.

In these tables "Other" type of certification includes teachers and principals either not certificated and/or those with an incorrect certificate code at the time of processing. These are deducted from the State and local unit "Totals" in calculating the percentages.

Substitute certificates are included with provisional.

New teachers and principals are those who were not employed in the public schools of the same local unit during the preceding year.
